HYDRAULIC HAND PUMPS

The BHDE Hydraulic Hand Pump is a two stage pump for high pressure and low pressure applications. The low pressure operation can generate up to 2500 psi with a handle extension and can be converted to the high pressure position by moving the pressure shifter and a maximum pressure of 6000 psi can be attained. The BHDE Hydraulic Hand Pump and parts are interchangeable with the Baker hand pump. Accessory equipment, Repair kits and packing sets are available.

PIPE VISES

BHDE PIPE VISES

BHDE Drilling 8" and 15" Pipe Vises are manufactured of heavy duty steel and made to provide years of safe and dependable service to all types of tool company shops. Both sizes are available with bolt down and permanent stands with tool trays. All parts are interchangeable with other common shop vises.
